New for 2010 – 2011

This year, via MetriTech's secure web page, Parent/Guardian reports are available for translation into one of 32 native languages. This **free service** provides districts with the opportunity to produce a student's Parent/Guardian report in any of the available languages.

A PDF document containing a score report in the chosen language will be created for each student selected.

Languages currently available:

Albanian	Gujarati	Polish	Urdu
Amharic	Hindi	Portuguese	Vietnamese
Arabic	Hmong	Punjabi	
Bengali	Japanese	Russian	
Bosnian	Khmer	Serbian Cyrillic
